TIGERS ANNEX FOUR VICTORIES

Oklahoma Teams Unable to Hold Miller's Nine—Pruett Mound Star.

When Coach John F. Miller and the members of the Tiger baseball squad arrived from Oklahoma late yesterday afternoon, they brought home the story of one of the most successful baseball trips ever taken by a Tiger nine. Four victories were annexed, two of which were shutouts.

The final game of the series played at Norman Saturday, with the thermometer hovering about the freezing point, resulted in a 10-1 rout for the Oklahomans. Pruett, on the mound for the Tigers, was the star of the game, not only holding the Sooners easily, but, in addition, hitting out two mighty home run drives and a pair of doubles out of five trips to the plate. Murphy, Tiger backstop, also rang the bell for a homer while Bobby Lam contributed with a three-fly drive.

The Sooners were outclassed in the four games played. Bad weather conditions seemed to make no difference to the Tiger athletes. The first game with Oklahoma Aggies Wednesday at Stillwater was played under clouded skies, on a muddy field with cold winds playing havoc with fly balls and disconcerting spectators and players alike. Nevertheless, Miller's men slashed out an 8-0 victory while Pruett reigned supreme on the slab. Conditions were ideal for play the following day but the Missouri nine did not hit so consistently and were barely able to nose out a 3-1 win. Ficklin started on the mound and breezed merrily along for 7-13 frames when he wavered and Pruett was waved to the slab by Coach Miller. Pruett could have won the contest by merely throwing his glove out to the mound as the Aggies remember his wide hooks of the day previous went down in order in the remaining two innings, three via the strikeout route.

SMITH BEATS THE SOONERS

The first game with the Sooners was also played under clear skies and a mild temperature. It was simply a case of too much Joe Smith. Three hits, two of them questionable, was the best Benjie Owen's men could do with Smith's delivery.

In addition to showing them a perfect moist ball, he had elegant control and failed to walk a single man, in contrast to Davis, of football fame, on the mound for the Sooners, who handed out six free tickets and hit another. The Tiger-pounded out five runs. One could hardly imagine worse conditions that, Joe which confronted the two teams Saturday afternoon. Norman caught a corner of the blizzard which wrecked havoc on the southwest, yet the two teams played the game and the Missourians humiliated out 13 hits for ten runs while Pruett was turning in another elegant game, and pounding the ball to all corners of the lot.

FOUND OUT 44 RUNS

In six games to-date the Missouri nine has pounded out 44 runs while their opponents have crossed the rubber but twice. It is doubtful if a conference team has ever made such an excellent record.

Pruett leads the team in hitting for the southern trip with an average of .666 for 9 trips to the plate. Of the regulars, however, Huber tops the list with a park of .466. Lowrance follows with .428. Murphy with .357 and O'Reilly with .333. Lam and Bunker each connected for .250. Peculiar to say Fullbright failed to find the ball for a single safe blow on the trip.

Records for the season shows that Huber, second sacker, leads Miller's athletes with a mark of .454. Lowrance is a close second with a mark of .428. O'Reilly with .320 and Murphy with .316 are other regulars to be above the .300 mark. Fielding averages show that but few of the Missouri fielders have appeared in the error column.

The Ames baseball team will be the foe of the Tigers on Friday and Saturday of this week.

7 WOMEN ARE GIVEN M'S

W. A. A. Holds Initiation Sunday for New Members.

Seven University women have completed the athletic work necessary for receiving an M. They were initiated into the M women's organization Sunday. They are: Lucille Goldsberry, Jane Swafford, Maggie Bell, Frances Bayne, Libbie Collins, Margaret Way and Eileen Lancaster.

The M women's organization has existed at the University since October, 1916, when it was begun with nine charter members. Its purpose is to promote the interests of University women in athletics and to promote the spirit of true sportsmanship among all women.

Membership in the organization depends upon the winning of 1,000 points in the University. Two and one-half years of work in the athletic department is the time usually required to win the points. Points are awarded for making basketball, baseball, hockey and volleyball teams, and for hikes and apparatus honors.

A committee has been appointed through W. A. A. this spring to award to the M women having the greatest athletic ability, high scholarship and leadership, special honors. Those chosen will be allowed to purchase M blankets. Misses Helen Gath, Dorothy Mumford, Margaret Hawkins, Helen Marbut, Anna Murto and Margaret Way will make the selection.

TIGER TRACK MEN UNLUCKY

Drew Poor Positions for Philadelphia Relay Carnival.

Drawings were made at Philadelphia Saturday for the various positions in the Relay Carnival to be held there next week. Missouri unfortunately drew a poor position in both the mile event and the medley relay.

In the mile relay the Tigers drew thirteenth place and in the medley, ninth. A team which draws more than eight places away from the pole, or in the second row, usually has to show unusual ability to place in the event. Coach Simpson's men will have to overcome a big handicap to place in either event.

WOULD BE KING OF 3 DIVISIONS

Benny Leonard Wants to Annex Crowns of Welter- and Middle-Weights.

By HENRY L. FARRELL (United Press Staff Correspondent.)

New York, April 18.—Benny Leonard wants to be three champions all at the same time.

Having fought himself clean of opponents in the lightweight class, the champion would like to annex the welter and middle-weight crowns.

Since the days of Bob Fitzsimmons, two-and-three-way champions have been unknown, but Leonard thinks he can do it.

Then, as the king of three divisions, he would retire, the greatest of all modern fighters.

Leonard is not alone in thinking that the welter-weight championship is his if he ever gets a chance at it, at least in a year or so.

Jack Britton, the greatest of present day boxers, reigns the king over a class that is sadly shy of strong competition. Jack is the oldest ringman in the game and although he persistently makes that stage about "youth being served" look foolish, he can't hang on forever.

But when it comes to the middle-weight class, Leonard may have some elastic confidence merely on a weight proposition.

Benny works on a sliding weight scale, a welter-weight normally, a light-weight when he has to be. He has shown, whenever called upon that he can make 135 pounds.

Regardless of the culmination of his extension of glory plans, Leonard says he wants to retire from the ring.

It isn't so much that he is tired of boxing, but he wants to get away from the spotlight and avoid the demands that are made on a champion outside of the ring.

He admits that he has earned a fortune in the ring so that he can retire anytime. "I'm not as well off financially as generally considered. The fans don't know that it costs me more than \$75,000 a year to live," he says.

CARPENTIER-DEMPESEY FIGHT WILL CEMENT NATIONS, SAYS NIVELLE

By WEBB MILLER (United Press Staff Correspondent.)

PARIS, April 15.—The fight between Carpentier and Dempsey will do more to cement Franco-American relations than a score of marriages.

This is a declaration of General Nivelle, recently returned from a tour of the United States, in an interview on sports and matrimony.

"Let us have international competition in sports between France and America," said the general, "but by no means intermarriage."

Nivelle painted a gloomy picture of the fate of the French girl who hitched

STANDING OF CLUBS (Not Including Today's Results)

up with an American. He said the commonplace life in America was not suited to the demiselle used to the many little attentions bestowed upon her by Frenchmen. Likewise he discounted the rumor that we are all rich.

"Let us have interchange of students between French and American universities," said he, "but by no means interchange of marital love."

Returning to athletics, Nivelle conceded that we had some pretty hefty fighters, but he thought in the Dempsey-Carpentier match superior brain would triumph over brute brawn. He forgot to mention who had the brain, probably on the assumption that his audience knew who possessed the brawn.

FARM EDITORS TO MEET HERE

Agricultural Writers Select Journalism Week for Annual Convention.

The American Association of Agricultural Editors will meet in Columbia May 25, 26, and 27. The executive committee of the Associated Agricultural Editors, who had charge of determining the date and place for the annual convention, was invited to hold its meeting in Columbia by the College of Agriculture, the Commercial Club and the School of Journalism. Columbia was chosen as the place for the convention to meet; to decide the date, M. V. Atwood, chairman of the executive committee, took a referendum vote of all the schools and it was decided that three days during Journalism Week suited all the members.

The members of the American Association of Agricultural Editors are the agricultural editors of the various agricultural schools of America. At least forty-seven schools will be represented at the convention here. M. V. Atwood, assistant professor of agricultural journalism at Cornell University, writes, "On February 17, A. A. Jeffrey wrote me relative to Journalism Week as the date for our convention. Dean Walter Williams, of the School of Journalism, assures me that nothing would delight him more than to have our association meet here during Journalism Week." More and more the interests of our association are becoming journalistic and it appears to me that this is a fine opportunity for the American Association of Agricultural Editors to see the best known school of journalism in action, especially in view of our recent referendum vote which showed that our members wanted to meet in Columbia at that time."

The agricultural editors will hold their group meetings in the auditorium of the Agricultural Building. These meetings probably will be held in the forenoon and the editors will attend the other

lectures of Journalism Week in the afternoon. They have been invited to attend both the luncheon to be given Thursday noon and the banquet Friday night. Six members of the association will be asked to make speeches for the program of Journalism Week. The committee on entertainment for the American Association of Agricultural Editors is: A. A. Jeffrey, chairman, W. C. Eberhardt, E. A. Trowbridge and A. C. Ragsdale.

Dean F. B. Mumford, of the College of Agriculture, said he was pleased with the decision of the Association to meet here Journalism Week because of the association of agriculture and journalism in the service to Missouri country life.

R. L. Hall, president of the Commercial Club said, "Columbia and Boone County look forward to the entertaining of the visitors Journalism Week. We are pleased this year to have the American Association of Agricultural Editors meet here at this time. The one thought of the city will be to show the visitors our appreciation of their coming."

The polls at said election will be open from 7 o'clock a. m. until 6 o'clock p. m. on said day.

It was further ordered by the Board that Mrs. J. H. Pringle, W. H. Guitard and R. F. Dunham be appointed to act as judges of said election.

Done by order of the Board of Directors of the Columbia School District, this 11th day of April, 1921.

F. L. BOGGS, Sec'y Board of Directors.

the corridor of the first floor of the Room County Courthouse, on THURSDAY, APRIL 28, 1921, for the purpose of submitting the following proposition:
